

# ECOCOM Newsletter #3

Sep 2021

**“Encouraging students to pursue grassroots sports activities outdoor in an Eco-friendly manner”**

Erasmus+ Sport Collaborative Partnership Project  
612931-EPP-1-2019-1-TR-SPO-SCP

Co-funded by the Erasmus+ Programme of the European Union

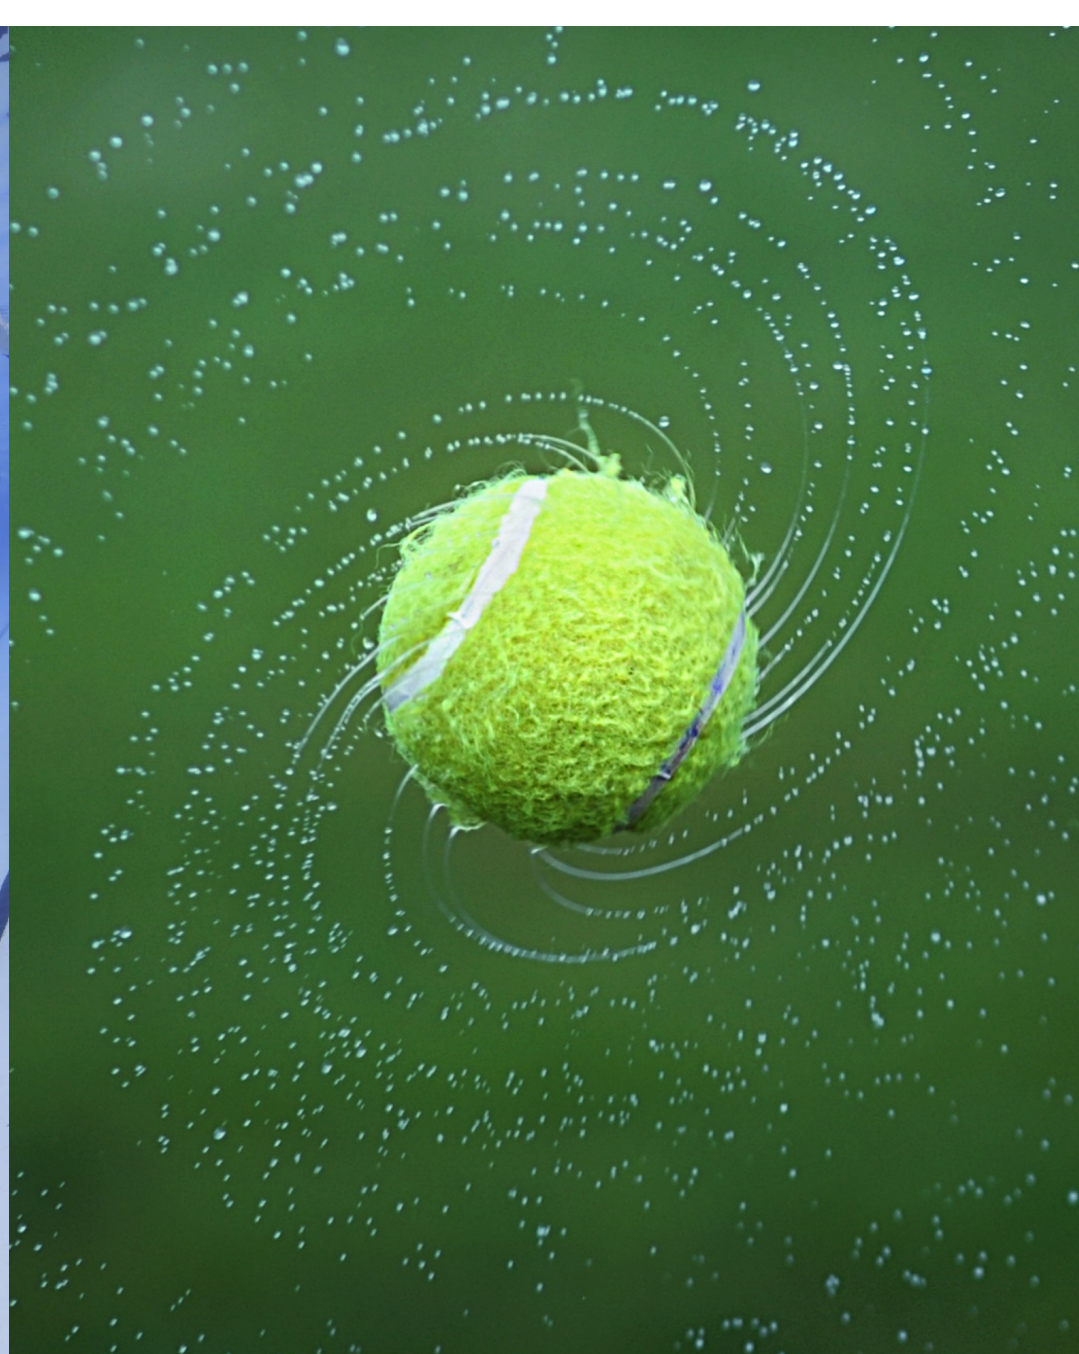

## Intellectual Outputs are in the making

### 01 Guidebook for trainers

How to organise and conduct environmental grassroots sport activities is explained in the “Train the trainer” guidebook for sports teachers and trainers. Currently we are working on the translations (DE, TR, EL, BG, SL) and it will be published at the end of this year.

### 02 Handbook for youngsters

The handbook “How to pursue sports activities outdoor in an eco-friendly manner” in which children and youngster can find tips and tricks to follow while preparing or implementing relevant sports activities in an eco-friendly manner will be tested and published in spring 2022.

### 03 Instruction App

**The multilingual mobile app** will support youngsters, youth, teachers & sport trainers with instructional videos they can follow in order to prepare for sport activities. It can already be downloaded in the App Store, but is still in an Alpha Version and will be ready to use in 2022.
