

## Final stretch!

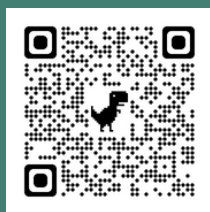

## Updates

The project GENTE is heading towards its completion at the end of January 2024! During these last few months of project implementation, all partners have been working hard in different activities and events - read all about them below.

Partners in Austria, Greece, Cyprus, Italy, Romania and Germany have been organising their final GENTE events in order to promote the project and its final results among its target groups as well as the general public. The events have all been successful, with active participation by NEETs, young people interested in setting up a green business, and general stakeholders.

### What's next?

The consortium has finalised all modules for the e-learning platform of GENTE, which is already launched in English! The e-learning platform is accessible for free and as an OER - Open Educational Resource, serving as a powerful tool to empower NEET individuals by equipping them with essential entrepreneurial skills. The partners met for the final time in Berlin, Germany on the 12th and 13th of December 2023 for the final GENTE meeting! The consortium has used this valuable time to define and monitor the implementation of the last project tasks and to ensure that the project will run smoothly until its completion and also will have an impact even after January 2024. Partners successfully completed the project meeting that was filled with fruitful conversation, productive brainstorming and exchange of views!
